INTRODUCTION TO THE STUDENT HEALTH INSURANCE PLAN

IF YOU ARE ENROLLED UNDER THIS PLAN AS A STUDENT AND YOU NEED NON-EMERGENCY OR NON-URGENT MEDICAL CARE, YOU MUST FIRST GO TO THE STUDENT HEALTH AND COUNSELING SERVICES FOR TREATMENT DURING THEIR REGULAR HOURS OF OPERATION. THE STUDENT HEALTH AND COUNSELING SERVICES WILL HELP YOU LOCATE PROVIDERS AND ISSUE REFERRALS TO MEDICAL PROVIDERS WHEN ADDITIONAL CARE OR A SPECIALIST IS NEEDED.

The student health and counseling services will diagnose and treat most illnesses, coordinate all of your health care and provide a referral to a participating provider or non-participating provider. Referrals are made at the sole and absolute discretion of the student health and counseling services. The referral does not guarantee payment or coverage. The services must be medically necessary and a covered benefit under this plan.

IF YOU RECEIVE MEDICAL CARE WITHOUT PRIOR REFERRAL FROM THE STUDENT HEALTH AND COUNSELING SERVICES, THE EXPENSES WILL NOT BE COVERED, EXCEPT FOR URGENT OR EMERGENCY CARE OF A MEDICAL OR PSYCHIATRIC EMERGENCY.

Payment of emergency room claims is subject to review by the claims administrator. The claims administrator makes the final determination regarding whether services were rendered for an emergency.

NOTE: Dependents may choose any health care professional or facility that is classified as a participating provider or as an other health care provider which provides care covered under this plan. To avoid denial of benefits, make sure your dependent uses only providers who participate in the claims administrator’s preferred provider organization program called the Prudent Buyer Plan or who are classified as other health care providers. See the section entitled TYPES OF PROVIDERS for further information.
HOW COVERAGE BEGINS AND ENDS

HOW COVERAGE BEGINS

ELIGIBLE STATUS

Insured Students

1. All registered students of the University of California, including students who are registered-in-absentia.

   Note: A student may waive enrollment in the plan during the specified waiver period by providing proof of other coverage that meets benefit criteria specified by the University. A waiver is effective for one academic year and must be completed again during the waiver period at the start of each fall term of the academic year. Waiver requests for each academic term within a year are also available. Information about waiving enrollment in the plan may be obtained from the student health and counseling services.

2. The following classes of individuals may enroll voluntarily as insured students:

   a. All non-registered “Filing Fee” status graduate students of the University of California who are completing work under the auspices of the University of California but are not attending classes. Students on Filing Fee status may purchase plan coverage for a maximum of one semester or quarter by contacting Wells Fargo Insurance Services at 800-853-5899. The student must have been covered by the plan in the term immediately preceding the term the student wants to purchase or, if the student waived plan enrollment, show proof of loss of the coverage used to obtain the waiver.

   b. All non-registered students of the University of California who are on Planned Educational Leave or Approved Leave of Absence status. While in either status, these students may purchase plan coverage for a maximum of two quarters or one semester. The student must have been covered by the plan in the term immediately preceding the term the student wants to purchase or, if the student waived plan enrollment, show proof of loss of the coverage used to obtain the waiver. These students may enroll by contacting Wells Fargo Insurance Services at 800-853-5899.
c. All former students of the University of California who completed their degree (graduated) during the term immediately preceding the term for which they want to purchase coverage. Provided these individuals were enrolled in the plan in the preceding term, they may purchase the plan coverage for a maximum of one semester or quarter. These individuals may enroll by contacting Wells Fargo Insurance Services at 800-853-5899.

Insured Dependents

1. The following classes of dependents of insured students may enroll voluntarily in the plan:

a. Spouse: Legally married spouse of the insured student.

b. Domestic Partner: The individual designated as an insured student’s domestic partner under one of the following methods: (i) registration of the partnership with the State of California; (ii) establishment of a same-sex legal union, other than marriage, formed in another jurisdiction that is substantially equivalent to a State of California-registered domestic partnership; or (iii) filing of a Declaration of Domestic Partnership form with the University. An insured student’s opposite-sex domestic partner will be eligible for coverage only if one or both partners are age 62 or over and eligible for Social Security benefits based on age.

c. Child: The insured student’s:

- Natural child under the age of 26.

- Stepchild: A stepchild under the age of 26 is a dependent as of the date the insured student marries the child’s parent.

- Adopted child under the age of 26, including a child placed with the insured student or the insured student’s spouse or domestic partner, for the purpose of adoption, from the moment of placement as certified by the agency making the placement.

- Child of the insured student’s domestic partner: A child of the insured student’s domestic partner under the age of 26 is a dependent as of the effective date of the domestic partnership.

- Foster Child: A foster child under the age of 18 is a dependent from the moment of placement with the insured student as certified by the agency making the placement. In certain circumstances, the foster child age limit may be extended in accordance with the provision for a nonminor
dependent, as defined in the California Welfare and Institutions Code Section 11400(v).

- Dependent Adult Child: An unmarried child who is 26 years of age or more and: (i) was covered under the prior plan, or has six or more months of creditable coverage, (ii) is chiefly dependent on the student, spouse or domestic partner for support and maintenance, and (iii) is incapable of self-sustaining employment due to a physical or mental condition. A physician must certify in writing that the child is incapable of self-sustaining employment due to a physical or mental condition. The University may request proof of these conditions in order to continue coverage. The University must receive the certification, at no expense to the University, within 60 days of the date the student receives the request. The University may request proof of continuing dependency and that a physical or mental condition still exists, but, not more often than once each year after the initial certification. This exception will last until the child is no longer chiefly dependent on the student, spouse or domestic partner for support and maintenance due to a continuing physical or mental condition. A child is considered chiefly dependent for support and maintenance if he or she qualifies as a dependent for federal income tax purposes.

NOTE: If both student parents or domestic partners are covered as insured students, their children may be covered as the dependents of either, but not of both.

2. Students are required to provide proof of dependent status when enrolling their dependents in the plan. Proof is required once per year. The following documents will be accepted:

a. For spouse, a marriage certificate

b. For a domestic partner, a Declaration of Domestic Partnership issued by the State of California, or of same-sex legal union other than marriage formed in another jurisdiction, or a completed Declaration of Domestic Partnership form issued by the University

c. For natural child, a birth certificate showing the student is the parent of the child

d. For stepchild, a birth certificate, and a marriage certificate showing that one of the parents listed on the birth certificate is married to the student
e. For a natural child of a domestic partner, a birth certificate showing the domestic partner is the parent of the child.

f. For adopted or foster child, documentation from the placement agency showing that the student or the domestic partner has the legal right to control the child’s health care.

**PERIODS OF COVERAGE**

See the corresponding Amendment to your specific school for your period of coverage under this plan. The Amendment is located at the end of this benefit booklet.

**ENROLLMENT**

We do not require written applications from registered students. The University of California will maintain records of all students registered each academic term and will automatically enroll all registered students for coverage under this plan each academic term. Students who provide proof that they have other health coverage that meets the University’s requirements may apply to waive enrollment in the plan.

Students who lose their other health coverage during the coverage period must notify the student health services with an official written letter of termination from the previous health insurance carrier. Students will be enrolled in UC SHIP as of the date of their loss of other coverage if they notify the student health services within 31 days of the loss of their coverage. If the student does not notify the student health services within the 31 days, coverage will be effective on the date the student pays the full premium. The premium is not pro-rated for enrollment occurring after the start of a coverage period.

Non-registered students who enroll on a voluntary basis and dependents of students must submit an enrollment application for each term of coverage. Enrollment applications must be received within the dates of the enrollment period for the term of coverage. Enrollment will not be continued to the next coverage period unless a new application is received.

Dependents of students may be enrolled, outside of an enrollment period for a particular coverage period, within 31 calendar days of the following events:

1. For spouse, the date of issuance of the marriage certificate.
2. For a domestic partner, the date of the Declaration of Domestic Partnership issued by the State of California, other jurisdiction, or the date the completed Declaration of Domestic Partnership form issued by the University is received by the student health and counseling services.

3. For natural child, the date of birth.

4. For adopted or foster child, the date of placement with the student or domestic partner.

5. For any dependent, the date of loss of other coverage. An official letter of termination from the insurance carrier must be provided at the time of enrollment in UC SHIP.

Non-registered students and dependents enroll by contacting Wells Fargo Insurance Services at 1-800-853-5899.

Important Note for Newborn Children. If the student is already covered, any child born to the student will be covered under the parent’s benefits from the moment of birth, provided that the plan is notified of the birth within 31 days. Coverage will be in effect for 31 days or until the newborn reaches $25,000 in claim expenses, whichever occurs first.

For continued newborn coverage beyond the 31 days and/or $25,000 (see MEDICAL BENEFIT MAXIMUMS), the parent must complete a dependent enrollment form to enroll the newborn as a dependent within 31 days of the date of birth.

The student must contact Wells Fargo Insurance Services to notify the plan of the child’s birth for the limited coverage described above or to enroll the child as a dependent. Their Customer Care telephone number is 1-800-853-5899.
HOW COVERAGE ENDS

For students, coverage ends as provided below:

1. If the plan terminates, the student’s coverage ends at the same time. This plan may be canceled or changed at any time without notice. If the plan terminates or changes, an insured student will remain covered for claims incurred but not filed or paid prior to plan termination or change.

2. If the plan no longer provides coverage for the class of students to which an insured student belongs, the student’s coverage ends on the effective date of that change.

3. If the student graduates from the University, the student’s coverage continues through the last day of the coverage period during which the student graduates from the University.

4. If the student withdraws or is dismissed from the University, whether or not coverage will be continued after the date of the withdrawal or dismissal will be determined by campus policy. Contact the student health services for more information.

5. Enrollment in the plan may be terminated for the reasons listed below. The student shall be notified in writing of the termination. Termination shall be effective no less than 30 days following the date of the written notice.

   a. The student is disruptive, unruly or abusive to the extent that the ability of the student health and counseling services to provide services to the student and other clients is seriously impaired, or the student fails to maintain a satisfactory provider-patient relationship after the student health and counseling services and the plan administrator have made all reasonable efforts to promote such a relationship.

   b. The student knowingly gives the student health and counseling services or the plan administrator incorrect or incomplete information in any document or fails to notify the plan administrator of changes in his or her status that may affect eligibility for benefits.

   c. The student knowingly misrepresents plan enrollment status or coverage.

   d. The student knowingly presents an invalid prescription.

   e. The student knowingly misuses or allows the misuse of the plan identification card.
f. The student fails to pay any premium amount due within the time
specified in writing. A student terminated for nonpayment may be
re-enrolled in the plan upon full payment of all amounts due.

Enrollment in the plan may not be terminated on the basis of sex,
race, color, religion, sexual orientation, ancestry, national origin,
physical disability or disease status.

The Director of UC SHIP is responsible for the final decision on
termination of enrollment in the plan.

6. If a registered student has been terminated from the plan and has no
comparable major medical health insurance coverage, as required
by the Regents of the University of California, the student health and
counseling services will provide the student with a list of addresses
and phone numbers of comparable health insurance plans to which
the student may apply for coverage. The student is wholly
responsible for the cost of any plan in which he or she enrolls and
any medical care not covered under that plan, including costs of
applying for coverage and plan premiums.

For dependents, coverage ends when the student’s coverage ends,
except when the student’s coverage ends because they have
exceeded the plan’s lifetime maximum, or the dependent no longer
meets the dependent eligibility requirements, whichever occurs
first.

Important: If a marriage or domestic partnership terminates, or if a
covered child loses dependent child status, the student must give or
send Wells Fargo Insurance Services written notice of the termination
and loss of eligibility status. Coverage for a former spouse or domestic
partner, or dependent child, if any, ends according to the “Eligible Status”
provisions. If the plan suffers a loss because the student fails to notify
Wells Fargo Insurance Services of the termination of their marriage or
domestic partnership, or of the loss of a child’s dependent status, we
may seek recovery from the student for any actual loss resulting thereby.
Failure to provide written notice to Wells Fargo Insurance Services will
not delay or prevent termination of coverage for the spouse, domestic
partner or child. If the student notifies Wells Fargo Insurance Services in
writing to cancel coverage for a former spouse, domestic partner or child,
if any, immediately upon termination of the student’s marriage, domestic
partnership or the child’s loss of dependent child status, such notice will
be considered compliance with the requirements of this provision.

You may be entitled to continued benefits under terms which are
specified elsewhere under CONTINUATION OF BENEFITS AFTER
TERMINATION and CONVERSION.
TYPES OF PROVIDERS

PLEASE READ THE FOLLOWING INFORMATION WHICH DESCRIBES WHAT TYPES OR GROUPS OF PROVIDERS MAY FURNISH HEALTH CARE SERVICES OR SUPPLIES UNDER THE PLAN. IF YOU HAVE SPECIAL HEALTH CARE NEEDS, YOU SHOULD CAREFULLY READ THOSE SECTIONS THAT APPLY TO THOSE NEEDS. THE MEANINGS OF WORDS AND PHRASES IN ITALICS ARE DESCRIBED IN THE SECTION OF THIS BOOKLET ENTITLED DEFINITIONS.

IMPORTANT NOTE: For dependents, services provided by non-participating providers are covered under the plan only with an authorized claims administrator referral from a participating provider, for emergency services or for urgent care.

Participating Providers. The plan has made available to the members a network of various types of "Participating Providers". These providers are called "participating" because they have agreed to participate in the claims administrator's preferred provider organization program (PPO), called the Prudent Buyer Plan. Participating providers have agreed to a rate they will accept as reimbursement for covered services. The cost of benefits provided under this plan will generally be lower for participating providers than for non-participating providers. See the definition of "Participating Providers" in the DEFINITIONS section for a complete list of the types of providers which may be participating providers.

A directory of participating providers is available upon request. The directory lists all participating providers in your area, including health care facilities such as hospitals and skilled nursing facilities, physicians, laboratories, and diagnostic x-ray and imaging providers. You may call the customer service number listed on your ID card and request that a directory be sent to you. You may also search for a participating provider using the "Provider Finder" function on the website at www.ucop.edu/ucship. The listings include the credentials of the claims administrator's participating providers such as specialty designations and board certification.

Non-Participating Providers. Non-participating providers are providers which have not agreed to participate in the Prudent Buyer Plan network. They have not agreed to the reimbursement rates and other provisions of a Prudent Buyer Plan contract.
Contracting and Non-Contracting Hospitals. Another type of provider is the "contracting hospital". This is different from a hospital which is a participating provider. The claims administrator has contracted with most hospitals in California to obtain certain advantages for patients covered under the plan. While only some hospitals are participating providers, all eligible California hospitals are invited to be contracting hospitals and most--over 90%--accept. For those which do not (called non-contracting hospitals), there is a significant benefit penalty in your plan.

Physicians. "Physician" means more than an M.D. Certain other practitioners are included in this term as it is used throughout the plan. This doesn't mean they can provide every service that a medical doctor could; it just means that the plan will cover eligible expenses you incur for their services when they're practicing within their specialty. As with the other terms, be sure to read the definition of "Physician" to determine which providers' services are covered. Only providers listed in the definition are covered as physicians. Please note also that certain providers' services are covered only upon referral of an M.D. (medical doctor) or D.O. (doctor of osteopathy) or by the student health and counseling services. Providers for whom referral is required are indicated in the definition of "physician" by an asterisk (*).

Other Health Care Providers. "Other Health Care Providers" are neither physicians nor hospitals. They are mostly free-standing facilities or service organizations, such as ambulance companies. See the definition of "Other Health Care Providers" in the DEFINITIONS section for a complete list of those providers. Other health care providers are not part of the Prudent Buyer Plan provider network.

Reproductive Health Care Services. Some hospitals and other providers do not provide one or more of the following services that may be covered under your plan and that you or your family member might need: family planning; contraceptive services, including emergency contraception; sterilization, including tubal ligation at the time of labor and delivery; or elective abortion. Call your prospective physician or clinic, or call the customer service telephone number listed on your ID card to ensure that you can obtain the health care services that you need.

Participating and Non-Participating Pharmacies. "Participating Pharmacies" agree to charge only the prescription drug maximum allowed amount to fill the prescription. You pay only your Co-Insurance or Co-Payment amount.
"Non-Participating Pharmacies" have not agreed to the prescription drug maximum allowed amount. The amount that will be covered as a prescription drug covered expense may be significantly lower than the amount customarily charged by these providers.

All prescription drug services for dependents must be provided by Participating Pharmacies in order to be covered under the plan.

Centers of Medical Excellence. The claims administrator is providing access to the following separate Centers of Medical Excellence (CME) networks. The facilities included in each of these CME networks are selected to provide the following specified medical services:

- **Transplant Facilities.** Transplant facilities have been organized to provide services for the following specified transplants: heart, liver, lung, combination heart-lung, kidney, pancreas, simultaneous pancreas-kidney, or bone marrow/stem cell and similar procedures. Subject to any applicable co-payments or deductibles, CME have agreed to a rate they will accept as payment in full for covered services. These procedures are covered only when performed at a CME.

- **Bariatric Facilities.** Hospital facilities have been organized to provide services for bariatric surgical procedures, such as gastric bypass and other surgical procedures for weight loss programs. These procedures are covered only when performed at a CME.

A participating provider in the Prudent Buyer Plan network is not necessarily a CME facility.
CARE OUTSIDE THE UNITED STATES-
BLUECARD WORLDWIDE

Prior to travel outside the United States, call the customer service telephone number listed on your ID card. It is recommended:

- Before you leave home, call the customer service number on your ID card for coverage details.
- Always carry your current ID card.
- In an emergency, seek medical treatment immediately.
- The BlueCard Worldwide Service Center is available 24 hours a day, seven days a week toll-free at (800) 810-BLUE (2583) or by calling collect at (804) 673-1177. An assistance coordinator, along with a medical professional, will arrange a physician appointment or hospitalization, if needed.

Payment Information

- **Participating BlueCard Worldwide hospitals.** In most cases, you should not have to pay at the time of service for inpatient care at participating BlueCard Worldwide hospitals except for the out-of-pocket costs you normally pay (non-covered services, deductible, co-payments, and co-insurance). The hospital should submit your claim on your behalf.

- **Doctors and/or non-participating hospitals.** You will have to pay at the time of service for outpatient services, care received from a physician, and inpatient care from a hospital that is not a participating BlueCard Worldwide hospital. Then you can complete a BlueCard Worldwide claim form and send it with the original bill(s) to the BlueCard Worldwide Service Center (the address is on the form).

Claim Filing

- **Participating BlueCard Worldwide hospitals will file your claim on your behalf.** You will have to pay the hospital for the out-of-pocket costs you normally pay.

- **You must file the claim** for outpatient and physician care, or inpatient hospital care not provided by a participating BlueCard Worldwide hospital. You will need to pay the health care provider and subsequently send an international claim form with the original bills to the claims administrator.
Claim Forms

- International claim forms are available from the claims administrator, from the BlueCard Worldwide Service Center, or online at:
  
  www.bcbs.com/bluecardworldwide.

  The address for submitting claims is on the form.

Note about UC Trips: The University provides a travel accident policy for students traveling on University business which is administered by the UC Office of the President at no additional cost to the students. For more information about this benefit and to register for the program, please go to:

  http://www.ucop.edu/riskmgmt/uctrips/

Please note that in order to receive coverage for this benefit (which includes medical evacuation and repatriation of remains while working and researching in a foreign country on University business) you MUST register at the website listed above prior to your trip. Registration is simple and takes less than 5 minutes.

In all instances, the University of California Office of the President travel accident policy is primary and will pay benefits before the benefit provided under this plan.
SUMMARY OF BENEFITS

THE BENEFITS OF THIS PLAN ARE PROVIDED ONLY FOR THOSE SERVICES THAT ARE CONSIDERED TO BE MEDICALLY NECESSARY AS DEFINED IN THE BENEFIT BOOKLET. THE FACT THAT A PHYSICIAN PRESCRIBES ORORDERS A SERVICE DOES NOT, IN ITSELF, MAKE IT MEDICALLY NECESSARY OR COVERED. CONSULT THIS BOOKLET OR TELEPHONE THE CLAIMS ADMINISTRATOR AT THE NUMBER SHOWN ON YOUR IDENTIFICATION CARD IF YOU HAVE ANY QUESTIONS REGARDING WHETHER SERVICES ARE COVERED.

THIS PLAN CONTAINS MANY IMPORTANT TERMS (SUCH AS "MEDICALLY NECESSARY" AND "MAXIMUM ALLOWED AMOUNT") THAT ARE DEFINED IN THE DEFINITIONS SECTION. WHEN READING THROUGH THIS BOOKLET, CONSULT THE DEFINITIONS SECTION TO BE SURE THAT YOU UNDERSTAND THE MEANINGS OF THESE ITALICIZED WORDS.

For your convenience, this summary provides a brief outline of your benefits. You should review the entire Benefit Booklet for more complete information about the benefits, conditions, limitations and exclusions of your plan.

Second Opinions. If you have a question about your condition or about a plan of treatment which your physician has recommended, you may receive a second medical opinion from another physician, subject to the benefits, limitations, and exclusions of this plan. If you wish to receive a second medical opinion, remember that greater benefits are provided when you choose a participating provider. You may also ask your physician to refer you to a participating provider to receive a second opinion.

The coverage under this plan is secondary coverage to all other plans (including Medicare) except Medi-Cal, MRMIP and TriCare, for any services not provided by the student health and counseling services. See EXCESS COVERAGE.

The benefits of this plan may be subject to the SUBROGATION AND REIMBURSEMENT section.

YOUR MEDICAL BENEFITS

MAXIMUM ALLOWED AMOUNT

General

This section describes the term “maximum allowed amount” as used in this Benefit Booklet, and what the term means to you when obtaining covered services under this plan. The maximum allowed amount is the total reimbursement payable under your plan for covered services you receive from participating and non-participating providers. It is the claims administrator’s payment towards the services billed by your provider combined with any Deductible, Co-Insurance or Co-Payment owed by you. In some cases, you may be required to pay the entire maximum allowed amount. For instance, if you have not met your Deductible under this plan, then you could be responsible for paying the entire maximum allowed amount for covered services. In addition, if these services are received from a non-participating provider, you may be billed by the provider for the difference between their charges and the maximum allowed amount. In many situations, this difference could be a significant out-of-pocket amount.

Provided below are two examples which illustrate how the maximum allowed amount works. These examples are for illustration purposes only.

Example: The plan has a member Co-Insurance of 10% for participating provider services after the Deductible has been met.

- The member receives services from a participating surgeon. The charge is $2,000. The maximum allowed amount under the plan for the surgery is $1,000. The member’s Co-Insurance responsibility when a participating surgeon is used is 10% of $1,000, or $100. This is what the member pays. The plan pays 90% of $1,000, or $900. The participating surgeon accepts the total of $1,000 as reimbursement for the surgery regardless of the charges.

Example: The plan has a member Co-Insurance of 40% for non-participating provider services after the Deductible has been met.

- The member receives services from a non-participating surgeon. The charge is $2,000. The maximum allowed amount under the plan for the surgery is $1,000. The member’s Co-Insurance responsibility when a non-participating surgeon is used is 40% of $1,000, or $400. The plan pays the remaining 60% of $1,000, or $600. In addition, the non-participating surgeon could bill the member the difference between $2,000 and $1,000. So the member’s total out-of-pocket charge would be $400 plus an additional $1,000, for a total of $1,400.
When you receive covered services, the claims administrator will, to the extent applicable, apply claim processing rules to the claim submitted. The claims administrator uses these rules to evaluate the claim information and determine the accuracy and appropriateness of the procedure and diagnosis codes included in the submitted claim. Applying these rules may affect the maximum allowed amount if the claims administrator determines that the procedure and/or diagnosis codes used were inconsistent with procedure coding rules and/or reimbursement policies. For example, if your provider submits a claim using several procedure codes when there is a single procedure code that includes all of the procedures that were performed, the maximum allowed amount will be based on the single procedure code.

Provider Network Status

The maximum allowed amount may vary depending upon whether the provider is a participating provider, a non-participating provider or other health care provider.

Participating Providers and CME. For covered services performed by a participating provider or CME the maximum allowed amount for this plan will be the rate the participating provider or CME has agreed with the claims administrator to accept as reimbursement for the covered services. Because participating providers have agreed to accept the maximum allowed amount as payment in full for those covered services, they should not send you a bill or collect for amounts above the maximum allowed amount. However, you may receive a bill or be asked to pay all or a portion of the maximum allowed amount to the extent you have not met your Deductible or have a Co-Payment. Please call the customer service telephone number on your ID card for help in finding a participating provider or visit www.anthem.com/ca.

If you are planning to have outpatient surgery, you should first find out if the facility where the surgery is to be performed is an ambulatory surgical center. An ambulatory surgical center is licensed as a separate facility even though it may be located on the same grounds as a hospital (although this is not always the case). If the center is licensed separately, you should find out if the facility is a participating provider before undergoing the surgery.

Non-Participating Providers (for dependents, permitted only with an authorized claims administrator referral by a participating provider or for an emergency) and Other Health Care Providers. * For covered services you receive from a non-participating provider or other health care provider the maximum allowed amount will be based on the applicable non-participating provider rate or fee schedule for this plan, an amount negotiated by the claims administrator or a third party vendor which has been agreed to by the non-participating provider, an amount
derived from the total charges billed by the non-participating provider, or an amount based on information provided by a third party vendor.

Unlike participating providers, non-participating providers and other health care providers may send you a bill and collect for the amount of the non-participating provider’s or other health care provider’s charge that exceeds the maximum allowed amount under this plan. You may be responsible for paying the difference between the maximum allowed amount and the amount the non-participating provider or other health care provider charges. This amount can be significant. Choosing a participating provider will likely result in lower out of pocket costs to you. Please call the customer service number on your ID card for help in finding a participating provider or visit the website www.anthem.com/ca. Customer service is also available to assist you in determining this plan’s maximum allowed amount for a particular covered service from a non-participating provider or other health care provider.

NOTE: A participating hospital may employ non-participating health care providers. You should make sure the health care providers who will provide the services you need are participating providers. You may be responsible for paying the difference between the maximum allowed amount and the amount the non-participating provider charges.

Please see the “Out Of Area Services” provision in the section entitled GENERAL PROVISIONS for additional information.

*Exceptions:

– **Cancer Clinical Trials.** The maximum allowed amount for non-participating providers for services and supplies provided in connection with Cancer Clinical Trials will be the lesser of the billed charge or the amount that ordinarily applies when services are provided by a participating provider.

– **If Medicare is the primary payor, the maximum allowed amount does not include any charge:**

1. By a hospital, in excess of the approved amount as determined by Medicare; or

2. By a physician who is a participating provider who accepts Medicare assignment, in excess of the approved amount as determined by Medicare; or

3. By a physician who is a non-participating provider or other health care provider who accepts Medicare assignment, in excess of the lesser of the maximum allowed amount stated above, or the approved amount as determined by Medicare; or
4. By a physician or other health care provider who does not accept Medicare assignment, in excess of the lesser of the maximum allowed amount stated above, or the limiting charge as determined by Medicare.

You will always be responsible for expense incurred which is not covered under this plan.

WITH RESPECT TO STUDENT MEDICAL BENEFITS

Reduction of The Maximum Allowed Amount for Non-Contracting Hospitals. A small percentage of hospitals which are non-participating providers are also non-contracting hospitals. Except for emergency care, the maximum allowed amount is reduced by 25% for all services and supplies provided by a non-contracting hospital. You will be responsible for paying this amount. You are strongly encouraged to avoid this additional expense by seeking care from a contracting hospital. You can call the customer service number on your identification card to locate a contracting hospital.

MEMBER COST SHARE

For certain covered services, and depending on your plan design, you may be required to pay all or a part of the maximum allowed amount as your cost share amount (Deductibles, Co-Insurance or Co-Payments). Your cost share amount and the Out-Of-Pocket Amounts may be different depending on whether you received covered services from a participating provider or non-participating provider. Specifically, you may be required to pay higher cost-sharing amounts or may have limits on your benefits when using non-participating providers. Please see the SUMMARY OF BENEFITS section for your cost share responsibilities and limitations, or call the customer service telephone number on your ID card to learn how this plan's benefits or cost share amount may vary by the type of provider you use.

The claims administrator will not provide any reimbursement for non-covered services. You may be responsible for the total amount billed by your provider for non-covered services, regardless of whether such services are performed by a participating provider or non-participating provider. Non-covered services include services specifically excluded from coverage by the terms of your plan and services received after benefits have been exhausted. Benefits may be exhausted by exceeding, for example, Medical Benefit Maximums or day/visit limits.

In some instances you may only be asked to pay the lower participating provider cost share percentage when you use a non-participating provider. For example, if you go to a participating hospital or facility and receive covered services from a non-participating provider such as a radiologist, anesthesiologist or pathologist providing services at the
hospital or facility, you will pay the participating provider cost share percentage of the maximum allowed amount for those covered services. However, you also may be liable for the difference between the maximum allowed amount and the non-participating provider’s charge.

AUTHORIZED CLAIMS ADMINISTRATOR REFERRALS

In some circumstances the claims administrator may authorize participating provider cost share amounts (Deductibles, Co-Insurance or Co-Payments) to apply to a claim for a covered service you receive from a non-participating provider. In such circumstance, you or your physician must contact the claims administrator in advance of obtaining the covered service. It is your responsibility to ensure that the claims administrator has been contacted. If the claims administrator authorizes a participating provider cost share amount to apply to a covered service received from a non-participating provider, you also may still be liable for the difference between the maximum allowed amount and the non-participating provider’s charge. Please call the customer service telephone number on your ID card for authorized claims administrator referral information or to request authorization.

DEDUCTIBLES, CO-PAYMENTS, CO-INSURANCE, OUT-OF-POCKET AMOUNTS AND MEDICAL BENEFIT MAXIMUMS

After subtracting any applicable deductible and your Co-Payment or Co-Insurance amount, the plan will pay benefits up to the maximum allowed amount, not to exceed the applicable Medical Benefit Maximum. The Deductible amounts, Co-Payments, Co-Insurance, Out-Of-Pocket Amounts and Medical Benefit Maximums are set forth in the SUMMARY OF BENEFITS.

DEDUCTIBLES

Each deductible under this plan is separate and distinct from the other. Only the covered charges that make up the maximum allowed amount will apply toward the satisfaction of any deductible except as specifically indicated in this Booklet.

Benefit Year Deductible. Each year, you will be responsible for satisfying the Benefit Year Deductible (see pages 15 & 26) before benefits are paid.

Non-Participating Facility Inpatient Deductible. With respect to Student Medical Benefits, each time you are admitted to a hospital or residential treatment center which is a non-participating provider, you are responsible for paying the Inpatient Deductible (see page 16). This deductible will not apply to an emergency admission, or to services for which the claims administrator has negotiated a single case payment agreement with the non-participating facility.
CO-PAYMENTS AND CO-INSURANCE

After you have satisfied any applicable deductible, the claims administrator will subtract your Co-Payment from the maximum allowed amount remaining.

For Co-Insurance, the claims administrator will apply the applicable percentage to the maximum allowed amount remaining after any deductible has been met. This will determine the dollar amount of your Co-Insurance.

OUT-OF-POCKET AMOUNTS

Satisfaction of the Out-of-Pocket Amount. If, after you have met your Benefit Year Deductible, you pay Co-Insurance equal to your Out-of-Pocket Amount per member during a benefit year, you will no longer be required to make Co-Insurance payments for any additional covered services or supplies during the remainder of that year.

Charges Which Do Not Apply Toward the Out-of-Pocket Amount. The following charges will not be applied toward satisfaction of an Out-of-Pocket Amount:

- Charges for services or supplies not covered under this plan;
- Charges which exceed the maximum allowed amount;
- Any expense applied to a deductible; and
- Any Co-Payments you make.

In addition, you will continue to be required to pay those Co-Payments, even after the Out-of-Pocket Amount is reached.

MEDICAL BENEFIT MAXIMUMS

The plan does not make benefit payments for any member in excess of any of the Medical Benefit Maximums.
CONDITIONS OF COVERAGE

The following conditions of coverage must be met for an expense incurred for services or supplies to be covered under this plan.

1. For students only. You must obtain a written referral from a student health and counseling services provider or authorized staff for all services and supplies. Expenses will not be covered unless a written referral has been received by the claims administrator from a student health and counseling services provider, except for urgent care or emergency services for a medical or psychiatric emergency.

2. You must incur this expense while you are covered under this plan. Expense is incurred on the date you receive the service or supply for which the charge is made.

Work-Related. Work-related conditions if benefits are recovered or can be recovered, either by adjudication, settlement or otherwise, under any workers' compensation, employer's liability law or occupational disease law, even if you do not claim those benefits.
SUBROGATION AND REIMBURSEMENT

These provisions apply when the *plan* pays benefits as a result of injuries or illnesses you sustained and you have a right to a Recovery or have received a Recovery from any source. A “Recovery” includes, but is not limited to, monies received from any person or party, any person’s or party’s liability insurance, uninsured/underinsured motorist proceeds, worker’s compensation insurance or fund, “no-fault” insurance and/or automobile medical payments coverage, whether by lawsuit, settlement or otherwise. Regardless of how you or your representative or any agreements characterize the money you receive as a Recovery, it shall be subject to these provisions.

**Subrogation**

The *plan* has the right to recover payments it makes on your behalf from any party responsible for compensating you for your illnesses or injuries. The following apply:

- The *plan* has first priority from any Recovery for the full amount of benefits it has paid regardless of whether you are fully compensated, and regardless of whether the payments you receive make you whole for your losses, illnesses and/or injuries.

- You and your legal representative must do whatever is necessary to enable the *plan* to exercise the *plan’s* rights and do nothing to prejudice those rights.

- In the event that you or your legal representative fail to do whatever is necessary to enable the *plan* to exercise its subrogation rights, the *plan* shall be entitled to deduct the amount the *plan* paid from any future benefits under the *plan*.

- The *plan* has the right to take whatever legal action it sees fit against any person, party or entity to recover the benefits paid under the *plan*.

- To the extent that the total assets from which a Recovery is available are insufficient to satisfy in full the *plan’s* subrogation claim and any claim held by you, the *plan’s* subrogation claim shall be first satisfied before any part of a Recovery is applied to your claim, your attorney fees, other expenses or costs.

- The *plan* is not responsible for any attorney fees, attorney liens, other expenses or costs you incur without the *plan’s* prior written consent. The “common fund” doctrine does not apply to any funds recovered by any attorney you hire regardless of whether funds recovered are used to repay benefits paid by the *plan*. 
Reimbursement

If you obtain a Recovery and the plan has not been repaid for the benefits the plan paid on your behalf, the plan shall have a right to be repaid from the Recovery in the amount of the benefits paid on your behalf and the following provisions will apply:

- You must reimburse the plan from any Recovery to the extent of benefits the plan paid on your behalf regardless of whether the payments you receive make you whole for your losses, illnesses and/or injuries.

- Notwithstanding any allocation or designation of your Recovery (e.g., pain and suffering) made in a settlement agreement or court order, the plan shall have a right of full recovery, in first priority, against any Recovery. Further, the plan’s rights will not be reduced due to your negligence.

- You and your legal representative must hold in trust for the plan the proceeds of the gross Recovery (i.e., the total amount of your Recovery before attorney fees, other expenses or costs) to be paid to the plan immediately upon your receipt of the Recovery. You must reimburse the plan, in first priority and without any set-off or reduction for attorney fees, other expenses or costs. The "common fund" doctrine does not apply to any funds recovered by any attorney you hire regardless of whether funds recovered are used to repay benefits paid by the plan.

- If you fail to repay the plan, the plan shall be entitled to deduct any of the unsatisfied portion of the amount of benefits the plan has paid or the amount of your Recovery whichever is less, from any future benefit under the plan if:
  1. The amount the plan paid on your behalf is not repaid or otherwise recovered by the plan; or
  2. You fail to cooperate.

- In the event that you fail to disclose the amount of your settlement to the plan, the plan shall be entitled to deduct the amount of the plan’s lien from any future benefit under the plan.

- The plan shall also be entitled to recover any of the unsatisfied portion of the amount the plan has paid or the amount of your Recovery, whichever is less, directly from the Providers to whom the plan has made payments on your behalf. In such a circumstance, it may then be your obligation to pay the Provider the full billed amount, and the plan will not have any obligation to pay the Provider or reimburse you.
The plan is entitled to reimbursement from any Recovery, in first priority, even if the Recovery does not fully satisfy the judgment, settlement or underlying claim for damages or fully compensate you or make you whole.

Your Duties

- You must notify the plan promptly of how, when and where an accident or incident resulting in personal injury or illness to you occurred and all information regarding the parties involved.
- You must cooperate with the plan in the investigation, settlement and protection of the plan’s rights. In the event that you or your legal representative fail to do whatever is necessary to enable the plan to exercise its subrogation or reimbursement rights, the plan shall be entitled to deduct the amount the plan paid from any future benefits under the plan.
- You must not do anything to prejudice the plan’s rights.
- You must send the plan copies of all police reports, notices or other papers received in connection with the accident or incident resulting in personal injury or illness to you.
- You must promptly notify the plan if you retain an attorney or if a lawsuit is filed on your behalf.

The Plan Administrator has sole discretion to interpret the terms of the Subrogation and Reimbursement provision of this plan in its entirety and reserves the right to make changes as it deems necessary.

If the covered person is a minor, any amount recovered by the minor, the minor’s trustee, guardian, parent, or other representative, shall be subject to this provision. Likewise, if the covered person’s relatives, heirs, and/or assignees make any Recovery because of injuries sustained by the covered person, that Recovery shall be subject to this provision.

The plan is entitled to recover its attorney’s fees and costs incurred in enforcing this provision.

The plan shall be secondary in coverage to any medical payments provision, no-fault automobile insurance policy or personal injury protection policy regardless of any election made by you to the contrary. The plan shall also be secondary to any excess insurance policy, including, but not limited to, school and/or athletic policies.
YOUR PRESCRIPTION DRUG BENEFITS

PRESCRIPTION DRUG COVERED EXPENSE

*Prescription drug covered expense* is the maximum charge for each covered service or supply that will be accepted for each different type of *pharmacy*. It is not necessarily the amount a *pharmacy* bills for the service.

You may avoid higher out-of-pocket expenses by choosing a student health and counseling services pharmacy, a *participating pharmacy*, or by utilizing the mail service program when available. In addition, you may also reduce your costs by asking your *physician*, and your pharmacist, for the more cost-effective *generic* form of *prescription drugs*.

*Prescription drug covered expense* will always be the lesser of the billed charge or the *prescription drug maximum allowed amount*. Expense is incurred on the date you receive the *drug* for which the charge is made.

When you choose a *participating pharmacy*, the *pharmacy benefits manager* will subtract any expense which is not covered under your *prescription drug benefits*. The remainder is the amount of *prescription drug covered expense* for that claim. You will not be responsible for any amount in excess of the *prescription maximum allowed amount* for the covered services of a *participating pharmacy*.

When the *pharmacy benefits manager* receives a claim for *drugs* supplied by a *non-participating pharmacy*, they first subtract any expense which is not covered under your *prescription drug benefits*, and then any expense exceeding the *prescription maximum allowed amount*. The remainder is the amount of *prescription drug covered expense* for that claim.

You will always be responsible for expense incurred which is not covered under this *plan*.

PRESCRIPTION DRUG CO-PAYMENTS AND CO-INSURANCE

If you have a Co-Payment, after the *pharmacy benefits manager* determines *prescription drug covered expense*, they will subtract your Prescription Drug Co-Payment for each *prescription*.

If you owe a Co-Insurance amount, then the *pharmacy benefits manager* will apply the Co-Insurance amount to the prescription *drug covered expense*. This will determine the dollar amount of your Prescription Drug Co-Insurance.
The Prescription Drug Co-Payments and Co-Insurance amounts are set forth in the SUMMARY OF BENEFITS.

HOW TO USE YOUR PRESCRIPTION DRUG BENEFITS

When You Go to a Participating Pharmacy. To identify you as a member covered for prescription drug benefits, you will be issued an identification card. You must present this card to participating pharmacies when you have a prescription filled. Provided you have properly identified yourself as a member, a participating pharmacy will only charge your Co-Payment or Co-Insurance amount.

For information on how to locate a participating pharmacy in your area, call 1-800-700-2541 (or TTY/TDD 1-800-905-9821) or log on to www.ucop.edu/ucship to find a provider near you.

Please note that presentation of a prescription to a pharmacy or pharmacist does not constitute a claim for benefit coverage. If you present a prescription to a participating pharmacy, and the participating pharmacy indicates your prescription cannot be filled, or requires an additional Co-Payment or Co-Insurance payment, this is not considered an adverse claim decision. If you want the prescription filled, you will have to pay either the full cost, or the additional Co-Payment or Co-Insurance payment, for the prescription drug. If you believe you are entitled to some plan benefits in connection with the prescription drug, submit a claim for reimbursement to the pharmacy benefits manager at the address shown below:

Prescription Drug Program
Attn: Commercial Claims
P.O. Box 2872
Clinton, IA 52733-2872

Participating pharmacies usually have claims forms, but, if the participating pharmacy does not have claim forms, claim forms and customer service are available by calling 1-800-700-2541 (or TTY/TDD 1-800-905-9821). Mail your claim, with the appropriate portion completed by the pharmacist, to the pharmacy benefits manager within 90 days of the date of purchase. If it is not reasonably possible to submit the claim within that time frame, an extension of up to 12 months will be allowed.
When You Go to a Non-Participating Pharmacy (Not applicable to dependents). If you purchase a prescription drug from a non-participating pharmacy, you will have to pay the full cost of the drug and submit a claim to the pharmacy benefits manager, at the address below:

Prescription Drug Program
Attn: Commercial Claims
P.O. Box 2872
Clinton, IA 52733-2872

Non-participating pharmacies do not have the necessary prescription drug claim forms. You must take a claim form with you to a non-participating pharmacy. The pharmacist must complete the pharmacy's portion of the form and sign it.

Claim forms and customer service are available by calling 1-800-700-2541 (or TTY/TDD 1-800-905-9821). Mail your claim with the appropriate portion completed by the pharmacist to the pharmacy benefits manager within 90 days of the date of purchase. If it is not reasonably possible to submit the claim within that time frame, an extension of up to 12 months will be allowed.

IMPORTANT NOTE: Prescriptions for dependents that are filled at non-participating pharmacies are not covered under this plan.

When You are Out of State. If you need to purchase a prescription drug out of the state of California, you may locate a participating pharmacy by calling 1-800-700-2541 (or TTY/TDD 1-800-905-9821). If you cannot locate a participating pharmacy, you must pay for the drug and submit a claim to the pharmacy benefits manager. (See "When You Go to a Non-Participating Pharmacy" above.)

When You Order Your Prescription Through the Mail. Mail service is available only to students whose campuses do not have a pharmacy within their student health services. On-campus pharmacies that provide mailing services themselves may choose to offer the mail order discounts to their students. Not all medications are available through the mail service pharmacy.

The prescription must state the drug name, dosage, directions for use, quantity, the physician's name and phone number, the patient's name and address, and be signed by a physician. You must submit it with the appropriate payment for the amount of the purchase, and a properly completed order form. You need only pay the cost of your Co-Payment or Co-Insurance amount.
Your first mail service *prescription* must also include a completed Patient Profile questionnaire. The Patient Profile questionnaire can be obtained by calling the toll-free number below. You need only enclose the *prescription* or refill notice, and the appropriate payment for any subsequent mail service prescriptions, or call the toll-free number. Co-payments or Co-Insurance payments can be paid by check, money order or credit card.

Order forms can be obtained by contacting:

**When You Order Your Prescription Through the Specialty Drug Program.** (NOTE: The Specialty Drug Program applies to dependents only. Students may obtain drugs listed as *specialty drugs* as any other formulary medication.) You can only order your *prescription* for a *specialty drug* through the Specialty Drug Program unless you are given an exception from the specialty drug program (see PRESCRIPTION DRUG CONDITIONS OF SERVICE). Anthem Blue Cross Life and Health – Specialty Drug Program only fills *specialty drug prescriptions*. Anthem Blue Cross Life and Health – Specialty Drug Program will deliver your medication to you by mail or common carrier (you cannot pick up your medication at Anthem Blue Cross Life and Health).

The *prescription* for the *specialty drug* must state the drug name, dosage, directions for use, quantity, the *physician's* name and phone number, the patient's name and address, and be signed by a *physician*.

You or your *physician* may order your *specialty drug* by calling 1-877-241-3489. When you call Anthem Blue Cross Life and Health – Specialty Drug Program, a Dedicated Care Coordinator will guide you through the process up to and including actual delivery of your *specialty drug* to you. (If you order your *specialty drug* by telephone, you will need to use a credit card or debit card to pay for it.) You may also submit your *specialty drug prescription* with the appropriate payment for the amount of the purchase (you can pay by check, money order, credit card or debit card), and a properly completed order form to Anthem Blue Cross Life and Health – Specialty Drug Program at the address shown below. Once you have met your deductible, if any, you will only have to pay the cost of your Co-Payment or Co-Insurance amount.
The first time you get a prescription for a specialty drug you must also include a completed Intake Referral Form. The Intake Referral Form is to be completed by calling the toll-free number below. You need only enclose the prescription or refill notice, and the appropriate payment for any subsequent specialty drug prescriptions, or call the toll-free number. Co-Payments and Co-Insurance payments can be made by check, money order, credit card or debit card.

You or your physician may obtain a list of specialty drugs available through Specialty Drug Program or order forms by contacting Member Services at the number shown below or online at www.ucop.edu/ucship.

Specialty Drug Program
Attn: Claims Department
P.O. Box 66583

If you are a dependent and you don’t get your specialty drug through the Specialty Drug Program, you will not receive any benefits under this plan for them.

PRESCRIPTION DRUG FORMULARY

The claims administrator uses a prescription drug formulary to help your physician make prescribing decisions. The presence of a drug on the plan’s prescription drug formulary list does not guarantee that you will be prescribed that drug by your physician. This list of outpatient prescription drugs is developed by a committee of physicians and pharmacists to determine which medications are sound, therapeutic and cost effective choices. These medications, which include both generic and brand name drugs, are listed in the prescription drug formulary. The committee updates the formulary quarterly to ensure that the list includes drugs that are safe and effective. Note: The formulary drugs may change from time to time.

New drugs and changes in the prescription drugs covered by the plan. The outpatient prescription drugs included on the list of formulary drugs covered by the plan is decided by the claims administrator’s Pharmacy and Therapeutics Committee which is comprised of independent physicians and pharmacists. The Pharmacy and Therapeutics Committee meets quarterly and decides on changes to make in the formulary drug list based on recommendations from the claims administrator and a review of relevant information, including current medical literature.
PRESCRIPTION DRUG CONDITIONS OF SERVICE

To be covered, the drug or medication must satisfy all of the following requirements:

1. It must be prescribed by a licensed prescriber and be dispensed within one year of being prescribed, subject to federal and state laws.

2. It must be approved for general use by the State of California Department of Health Services or the Food and Drug Administration (FDA).

3. It must be for the direct care and treatment of your illness, injury or condition. Dietary supplements, health aids or drugs prescribed for cosmetic purposes are not included. However, formulas prescribed by a physician for the treatment of phenylketonuria are covered.

4. It must be dispensed from a student health and counseling services pharmacy, a licensed retail pharmacy, through the mail service program or, with respect to dependents only, through the Specialty Drug Program.

5. If it is an approved compound medication, be dispensed by a participating pharmacy. Call 1-800-700-25411 (or TTY/TDD 1-800-905-9821) to find out where to take your prescription for an approved compound medication to be filled. (You can also find a participating pharmacy at www.ucop.edu/ucship (click on pharmacy). You will have to pay the full cost of the compound medications you get from a pharmacy that is not a participating pharmacy.

6. If it is a specialty drug, be obtained by using the Specialty Drug Program. (For insured dependents only) See the section HOW TO USE YOUR PRESCRIPTION DRUG BENEFITS: WHEN YOU ORDER YOUR PRESCRIPTION THROUGH SPECIALTY DRUG PROGRAM for how to get your drugs by using the Specialty Drug Program. You will have to pay the full cost of any specialty drugs you get from a retail pharmacy that you should have obtained from the Specialty Drug Program. If you order a specialty drug through the mail service program, it will be forwarded to the Specialty Drug Program for processing and will be processed according to Specialty Drug Program rules.

Exceptions to Specialty Drug Program. This requirement does not apply to:

a. Members who are covered under this plan as students;
b. The first two months’ supply of a specialty drug which is available through a participating pharmacy;

c. Drugs, which due to medical necessity, must be obtained immediately; and

d. A member who is unable to pay for delivery of their medication (i.e., no credit card).

How to obtain an exception to the Specialty Drug Program. If you believe that you should not be required to get your medication through the Specialty Drug Program, for any of the reasons listed above, you must complete an Exception to Specialty Drug Program form to request an exception and send it to the claims administrator. The form can be faxed or mailed to the claims administrator. If you need a copy of the form, you may call the claims administrator at 1-800-700-2541 (or TTY/TDD 1-800-905-9821) to request one. You can also get the form on-line at www.ucop.edu/ucship. If the claims administrator has given you an exception, it will be in writing and will be good for 12 months from the time it is given. After 12 months, if you believe that you should still not be required to get your medication through the Specialty Drug Program, you must again request an exception. If the claims administrator denies your request for an exception, it will be in writing and will tell you why they did not approve the exception.

Urgent or emergency need of a specialty drug subject to the Specialty Drug Program. If you are out of a specialty drug which must be obtained through the Specialty Drug Program, the claims administrator will authorize an override of the Specialty Drug Program requirement for 72-hours, or until the next business day following a holiday or weekend, to allow you to get an emergency supply of medication if your physician decides that it is appropriate and medically necessary. You may have to pay the applicable Co-Payment or Co-Insurance amount shown under SUMMARY OF BENEFITS: PRESCRIPTION DRUG BENEFITS: PRESCRIPTION DRUG CO-PAYMENTS AND CO-INSURANCE for the 72-hour supply of your drug.

If you order your specialty drug through the Specialty Drug Program and it does not arrive, if your physician decides that it is medically necessary for you to have the drug immediately, the claims administrator will authorize an override of the Specialty Drug Program requirement for a 30-day supply or less, to allow you to get an emergency supply of medication from a participating pharmacy near you. A Dedicated Care Coordinator from the Specialty Drug Program will coordinate the exception and you will not be required to make an additional Co-Payment or Co-Insurance payment.
7. It must not be used while you are confined in a hospital, skilled nursing facility, rest home, sanatorium, convalescent hospital, or similar facility. Also, it must not be dispensed in or administered by a hospital, skilled nursing facility, rest home, sanatorium, convalescent hospital, or similar facility. Other drugs that may be prescribed by your physician while you are confined in a rest home, sanatorium, convalescent hospital or similar facility, may be purchased at a pharmacy by the member, or a friend, relative or care giver on your behalf, and are covered under this prescription drug benefit.

8. For a retail pharmacy or through the Specialty Drug Program, the prescription must not exceed a 30-day supply.

Prescription drugs federally-classified as Schedule II which are FDA-approved for the treatment of attention deficit disorder must not exceed a 60-day supply. If the physician prescribes a 60-day supply for drugs classified as Schedule II for the treatment of attention deficit disorders, the member has to pay double the amount of Co-Payment or Co-Insurance amount for retail pharmacies. If the drugs are obtained through the mail service program, the Co-Payment or Co-Insurance amount will remain the same as for any other prescription drug.

9. For the mail service program, the prescription must not exceed a 90-day supply.

10. The drug will be covered under YOUR PRESCRIPTION DRUG BENEFITS only if it is not covered under another benefit of your plan.

EXCESS COVERAGE

We will reduce the amount payable under this plan to the extent expenses are covered under any other plan. The claims administrator will determine the amount of benefits provided by other plans without reference to any coordination of benefits, non-duplication of benefits, or other similar provisions. The amount from other plans includes any amount to which the member is entitled, whether or not a claim is made for the benefits. This plan is secondary coverage to all other policies except Medi-Cal, MRMIP and TriCare.
UTILIZATION REVIEW PROGRAM

Benefits are provided only for medically necessary and appropriate services. Utilization Review is designed to work together with you and your provider to ensure you receive appropriate medical care and avoid unexpected out of pocket expense.

No benefits are payable, however, unless your coverage is in force at the time services are rendered, and the payment of benefits is subject to all the terms and requirements of this plan.

Important: The Utilization Review Program requirements described in this section do not apply when coverage under this plan is secondary to another plan providing benefits for you or your dependents.

The utilization review program evaluates the medical necessity and appropriateness of care and the setting in which care is provided. You and your physician are advised if the claims administrator has determined that services can be safely provided in an outpatient setting, or if an inpatient stay is recommended. Services that are medically necessary and appropriate are certified by the claims administrator and monitored so that you know when it is no longer medically necessary and appropriate to continue those services.

It is your responsibility to see that your physician starts the utilization review process before scheduling you for any service subject to the utilization review program. If you receive any such service, and do not follow the procedures set forth in this section, your benefits will be reduced as shown in the "Effect on Benefits".

UTILIZATION REVIEW REQUIREMENTS

The stages of utilization review are pre-service review, concurrent review, and retrospective review.

Pre-service review determines in advance the medical necessity and appropriateness of certain procedures or admissions and the appropriate length of stay, if applicable. Pre-service review is required for the services listed below.

- Scheduled, non-emergency inpatient hospital stays and residential treatment center admissions.

Exceptions: Utilization review is not required for inpatient hospital stays for the following services:

- Maternity care of 48 hours or less following a normal delivery or 96 hours or less following a cesarean section; and
• Mastectomy in association with a breast cancer diagnosis and lymph node dissection.

• Facility-based care for the treatment of mental or nervous disorders, and substance abuse.

• Transplant services.

• Home infusion therapy.

• Home health care.

• Admissions to a skilled nursing facility.

• Bariatric surgical services performed at a Centers of Medical Excellence (CME) facility.

• Gender reassignment surgery benefits for students services.

Concurrent review determines whether services are medically necessary and appropriate when the claims administrator is notified while service is ongoing, for example, an emergency admission to the hospital.

Retrospective review is performed to review services that have already been provided. This applies in cases when pre-service or concurrent review was not completed, or in order to evaluate and audit medical documentation subsequent to services being provided. Retrospective review may also be performed for services that continued longer than originally certified.

HOW TO OBTAIN UTILIZATION REVIEWS

Remember, it is always your responsibility to confirm that the review has been performed. If the review is not performed, benefits will not be provided, as shown in the “Effect on Benefits” section.

Pre-service Reviews. Penalties will result for failure to obtain required pre-service review, before receiving scheduled services, as follows:

1. For all scheduled services that are subject to utilization review, you or your physician must initiate the pre-service review at least three working days prior to when you are scheduled to receive services.

2. You must tell your physician that this plan requires pre-service review. Physicians who are participating providers will initiate the review on your behalf. A non-participating provider may initiate the review for you, or you may call the claims administrator directly. The toll-free number for pre-service review is printed on your identification card.
3. If you do not receive the reviewed service within 60 days of the certification, or if the nature of the service changes, a new pre-service review must be obtained.

4. The claims administrator will determine if services are medically necessary and appropriate. For inpatient hospital and residential treatment center stays, the claims administrator will, if appropriate, specify a specific length of stay for services. For facility-based care for the treatment of mental or nervous disorders and substance abuse, the claims administrator will, if appropriate, specify the type and level of services, as well as their duration. You, your physician and the provider of the service will receive a written confirmation showing this information.

**Concurrent Reviews**

1. If pre-service review was not performed, you, your physician or the provider of the service must contact the claims administrator for concurrent review. For an emergency admission or procedure, the claims administrator must be notified within one working day of the admission or procedure, unless extraordinary circumstances* prevent such notification within that time period.

2. When participating providers have been informed of your need for utilization review, they will initiate the review on your behalf. You may ask a non-participating provider to call the toll free number printed on your identification card or you may call directly.

3. When it is determined that the service is medically necessary and appropriate, the claims administrator will, depending upon the type of treatment or procedure, specify the period of time for which the service is medically appropriate. The claims administrator will also determine the medically appropriate setting.

4. If it is determined that the service is not medically necessary and appropriate, your physician will be notified by telephone no later than 24 hours following the claims administrator's decision. You and your physician will receive written notice within two business days following the decision. However, care will not be discontinued until your physician has been notified and a plan of care that is appropriate for your needs has been agreed upon.

*Extraordinary Circumstances.* In determining "extraordinary circumstances", the claims administrator may take into account whether or not your condition was severe enough to prevent you from notifying them, or whether or not a member of your family was available to notify the claims administrator for you. You may have to prove that such "extraordinary circumstances" were present at the time of the emergency.
Retrospective Reviews

1. Retrospective review is performed when the claims administrator is not notified of the service you received, and are therefore unable to perform the appropriate review prior to your discharge from the hospital or completion of outpatient treatment. It is also performed when pre-service or concurrent review has been done, but services continue longer than originally certified.

   It may also be performed for the evaluation and audit of medical documentation after services have been provided, whether or not pre-service or concurrent review was performed.

2. Such services which have been retroactively determined to not be medically necessary and appropriate will be retrospectively denied certification.

EFFECT ON BENEFITS

In order for the full benefits of this plan to be payable, the following criteria must be met:

1. The appropriate utilization reviews must be performed in accordance with this plan. When pre-service review is performed and the admission, procedure or service is determined to be medically necessary and appropriate, benefits will be provided for the following:

   • Scheduled, non-emergency inpatient hospital stays and residential treatment center admissions.

   • Facility-based care for the treatment of mental or nervous disorders, and substance abuse.

   • Transplant services as follows:
     a. For bone, skin or cornea transplants, if the physicians on the surgical team and the facility in which the transplant is to take place are approved for the transplant requested.
     b. For transplantation of heart, liver, lung, combination heart-lung, kidney, pancreas, simultaneous pancreas-kidney or bone marrow/stem cell and similar procedures, if the providers of the related preoperative and postoperative services are approved and the transplant will be performed at a Centers of Medical Excellence (CME) facility.

   • Services of a home infusion therapy provider if the attending physician has submitted both a prescription and a plan of treatment before services are rendered.
• Home health care services if:
  a. The services can be safely provided in your home, as certified by your attending physician;
  b. Your attending physician manages and directs your medical care at home; and
  c. Your attending physician has established a definitive treatment plan which must be consistent with your medical needs and lists the services to be provided by the home health agency.

• Services provided in a skilled nursing facility if you require daily skilled nursing or rehabilitation, as certified by your attending physician.

• Bariatric surgical procedures, such as gastric bypass and other surgical procedures for weight loss if:
  a. The services are to be performed for the treatment of morbid obesity;
  b. The physicians on the surgical team and the facility in which the surgical procedure is to take place are approved for the surgical procedure requested; and
  c. The bariatric surgical procedure will be performed at a CME facility.

• Gender reassignment surgery services for insured students and related covered services will be provided as follows:
  a. The Surgical Procedure:
     i. The services are medically necessary and appropriate; and
     ii. The physicians on the surgical team and the facility in which the surgery is to take place are approved for the gender reassignment surgery requested.
  b. Gender Reassignment Surgery Travel Expense:
     i. It is for gender reassignment surgery and related services, authorized by the claims administrator; and
     ii. The gender reassignment surgery must be performed at a specific facility designated by the claims administrator which is approved for the gender reassignment surgery requested.
2. Services that are not reviewed prior to or during service delivery will be reviewed retrospectively when the bill is submitted for benefit payment. If that review results in the determination that part or all of the services were not medically necessary and appropriate, benefits will not be paid for those services.

If you proceed with any services that have been determined to be not medically necessary and appropriate at any stage of the utilization review process, **benefits will not be provided for those services.**
THE MEDICAL NECESSITY REVIEW PROCESS

The claims administrator will work with you and your health care providers to cover medically necessary and appropriate care and services. While the types of services requiring review and the timing of the reviews may vary, the claims administrator is committed to ensuring that reviews are performed in a timely and professional manner. The following information explains the review process.

1. A decision on the medical necessity of a pre-service request will be made no later than 5 business days from receipt of the information reasonably necessary to make the decision, and based on the nature of your medical condition.

2. A decision on the medical necessity of a concurrent request will be made no later than one business day from receipt of the information reasonably necessary to make the decision, and based on the nature of your medical condition. However, care will not be discontinued until your physician has been notified and a plan of care that is appropriate for your needs has been agreed upon.

3. A decision on the medical necessity of a retrospective review will be made and communicated in writing no later than 30 days from receipt of the information necessary to make the decision to you and your physician.

4. If the claims administrator does not have the information they need, they will make every attempt to obtain that information from you or your physician. If unsuccessful and a delay is anticipated, the claims administrator will notify you and your physician of the delay and what is needed to make a decision. The claims administrator will also inform you of when a decision can be expected following receipt of the needed information.

5. All pre-service, concurrent and retrospective reviews for medical necessity are screened by clinically experienced, licensed personnel (called "Review Coordinators") using pre-established criteria and the claims administrator’s medical policy. These criteria and policies are developed and approved by practicing providers not employed by the claims administrator, and are evaluated at least annually and updated as standards of practice or technology changes. Requests satisfying these criteria are certified by the review coordinator as medically necessary.
6. A written confirmation including the specific service determined to be medically necessary will be sent to you and your provider no later than 2 business days after the decision, and your provider will be initially notified by telephone within 24 hours of the decision for pre-service and concurrent reviews.

7. If the request fails to satisfy these criteria or medical policy, the request is referred to a Peer Clinical Reviewer. Peer Clinical Reviewers are health professionals clinically competent to evaluate the specific clinical aspects of the request and render an opinion specific to the medical condition, procedure and/or treatment under review. Peer Clinical Reviewers are licensed in California with the same license category as the requesting provider. When the Peer Clinical Reviewer is unable to certify the service, the requesting physician is contacted by telephone for a discussion of the case. In many cases, services can be certified after this discussion. If the Peer Clinical Reviewer is still unable to certify the service, your provider will be given the option of having the request reviewed by a different Peer Clinical Reviewer.

8. Only the Peer Clinical Reviewer may determine that the proposed services are not medically necessary and appropriate. Your physician will be notified by telephone within 24 hours of a decision not to certify and will be informed at that time of how to request reconsideration. Written notice will be sent to you and the requesting provider within two business days of the decision. This written notice will include:

- an explanation of the reason for the decision,
- reference to the criteria used in the decision to modify or not certify the request,
- the name and phone number of the Peer Clinical Reviewer making the decision to modify or not certify the request,
- how to request reconsideration if you or your provider disagree with the decision.

9. Reviewers may be claims administrator employees or an independent third party chosen at the sole and absolute discretion of the claims administrator.

10. You or your physician may request copies of specific criteria and/or medical policy by writing to the address shown on your plan identification card. Medical necessity review procedures may be disclosed to health care providers through provider manuals and newsletters.
A determination of medical necessity does not guarantee payment or coverage. The determination that services are medically necessary is based on the clinical information provided. Payment is based on the terms of your coverage at the time of service. These terms include certain exclusions, limitations, and other conditions. Payment of benefits could be limited for a number of reasons, including:

- The information submitted with the claim differs from that given by phone;
- The service is excluded from coverage; or
- You are not eligible for coverage when the service is actually provided.

Revoking or modifying an authorization. An authorization for services or care may be revoked or modified prior to the services being rendered for reasons including but not limited to the following:

- Your coverage under this plan ends;
- The plan terminates;
- You reach a benefit maximum that applies to the services in question;
- Your benefits under the plan change so that the services in question are no longer covered or are covered in a different way.
PERSONAL CASE MANAGEMENT

The personal case management program enables you to obtain medically appropriate care in a more economical, cost-effective and coordinated manner during prolonged periods of intensive medical care. Through a case manager, the claims administrator has the right to recommend an alternative plan of treatment which may include services not covered under this plan. The plan does not have an obligation to provide personal case management. These services are provided at the sole and absolute discretion of the claims administrator.

HOW PERSONAL CASE MANAGEMENT WORKS

You may be identified for possible personal case management through the plan’s utilization review procedures, by the attending physician, hospital staff, or the claims administrator’s claims reports. You or your family may also call the claims administrator.

Benefits for personal case management will be considered only when all of the following criteria are met:

1. You require extensive long-term treatment;
2. The claims administrator anticipates that such treatment utilizing services or supplies covered under this plan will result in considerable cost;
3. A cost-benefit analysis determines that the benefits payable under this plan for the alternative plan of treatment can be provided at a lower overall cost than the benefits you would otherwise receive under this plan while maintaining the same standards of care; and
4. You (or your legal guardian) and your physician agree, in a letter of agreement, with the claims administrator’s recommended substitution of benefits and with the specific terms and conditions under which alternative benefits are to be provided.

Alternative Treatment Plan. If the claims administrator determines that your needs could be met more efficiently, an alternative treatment plan may be recommended. This may include providing benefits not otherwise covered under this plan. A case manager will review the medical records and discuss your treatment with the attending physician, you, and your family.

The claims administrator makes treatment recommendations only; any decision regarding treatment belongs to you and your physician. The plan will, in no way, compromise your freedom to make such decisions.
EFFECT ON BENEFITS

1. Any alternative benefits are accumulated toward the Lifetime Maximum.

2. Benefits are provided for an alternative treatment plan on a case-by-case basis only. The claims administrator has absolute discretion in deciding whether or not to authorize services in lieu of benefits for any member, which alternatives may be offered and the terms of the offer.

3. An authorization of services in lieu of benefits in a particular case in no way commits the claims administrator to do so in another case or for another member.

4. The personal case management program does not prevent the claims administrator from strictly applying the expressed benefits, exclusions and limitations of this plan at any other time or for any other member.

Note: The claims administrator reserves the right to use the services of one or more third parties in the performance of the services outlined in the letter of agreement. No other assignment of any rights or delegation of any duties by either party is valid without the prior written consent of the other party.

DISAGREEMENTS WITH MEDICAL MANAGEMENT DECISIONS

1. If you or your physician disagree with a decision, or question how it was reached, you or your physician may request reconsideration. Requests for reconsideration (either by telephone or in writing) must be directed to the reviewer making the determination. The address and the telephone number of the reviewer are included on your written notice of determination. Written requests must include medical information that supports the medical necessity of the services.

2. If you, your representative, or your physician acting on your behalf finds the reconsidered decision still unsatisfactory, a grievance or a request for an appeal of reconsidered decision may be submitted in writing to the claims administrator.

3. If the appeal decision is still unsatisfactory, your remedy may be binding arbitration. (See BINDING ARBITRATION.)
QUALITY ASSURANCE

Utilization review programs are monitored, evaluated, and improved on an ongoing basis to ensure consistency of application of screening criteria and medical policy, consistency and reliability of decisions by reviewers, and compliance with policy and procedure including but not limited to timeframes for decision making, notification and written confirmation. The Board of Directors of Anthem Blue Cross Life and Health is responsible for medical necessity review processes through its oversight committees including the Strategic Planning Committee, Quality Management Committee, and Physician Relations Committee. Oversight includes approval of policies and procedures, review and approval of self-audit tools, procedures, and results. Monthly process audits measure the performance of reviewers and Peer Clinical Reviewers against approved written policies, procedures, and timeframes. Quarterly reports of audit results and, when needed, corrective action plans are reviewed and approved through the committee structure.
CONTINUATION OF BENEFITS AFTER TERMINATION

If a member is confined as an inpatient in a hospital on the date of termination of the plan, benefits may be continued for treatment of illness or injury for which the member is hospitalized. No benefits are provided for services treating any other illness, injury or condition. The member’s benefits will be extended for a period of 30 days provided that the member is confined as an inpatient in a hospital, under a physician’s care, and the services are medically necessary. Any benefits payable under this plan will not exceed any benefit maximums shown under the section entitled SUMMARY OF BENEFITS: MEDICAL BENEFIT MAXIMUMS.
CONVERSION

To apply for a conversion plan, you must submit an application to the claims administrator within 63 days of the date your coverage under the plan ends. Under certain circumstances you are not eligible for a conversion plan. They are:

1. You are not eligible if your coverage under this plan ends because the plan terminates and is replaced by another group plan within 15 days.

2. You are not eligible if your coverage under this plan ends because premium charges are not paid when due because you did not contribute your part, if any.

3. You are not eligible for a conversion plan if you are eligible for health coverage under another group plan when your coverage ends.

4. You are not eligible for a conversion plan if you are eligible for Medicare coverage when your coverage under this plan ends, whether or not you have actually enrolled in Medicare.

5. You are not eligible for a conversion plan if you are covered under an individual health plan.

6. You are not eligible for a conversion plan if you were not covered for medical benefits under the plan for three consecutive months immediately prior to the termination of your coverage.

_Important:_ The intention of conversion coverage is not to replace the coverage you have under this plan, but to make available to you a specified amount of coverage for medical benefits until you can find a replacement. The conversion plan provides lesser benefits than this plan and the provisions and rates differ.

Applications for conversion coverage are available at your campus student health and counseling services or you may go online to obtain the Application at www.ucop.edu/ucship. Please be aware that the plan you are enrolled in is an Anthem Blue Cross Life and Health policy. You will need this information to complete your application for conversion coverage.
GENERAL PROVISIONS

Providing of Care. We are not responsible for providing any type of hospital, medical or similar care, nor are we responsible for the quality of any such care received.

Independent Contractors. The claims administrator’s relationship with providers is that of an independent contractor. Physicians, and other health care professionals, hospitals, skilled nursing facilities and other community agencies are not the claims administrator’s agents nor is the claims administrator, or any of the employees of the claims administrator, an employee or agent of any hospital, medical group or medical care provider of any type.

Non-Regulation of Providers. The benefits of this plan do not regulate the amounts charged by providers of medical care, except to the extent that rates for covered services are regulated with participating providers.

Out of Area Services. The claims administrator has a variety of relationships with other Blue Cross and/or Blue Shield Licensees referred to generally as “Inter-Plan Programs”. Whenever you obtain healthcare services outside of the service area, the claims for these services may be processed through one of these Inter-Plan Programs, which include the BlueCard® Program and may include negotiated National Account arrangements available between the claims administrator and other Blue Cross and Blue Shield Licensees.

 Typically, when accessing care outside the service area, you may obtain care from healthcare providers that have a contractual agreement (i.e., are “participating providers”) with the local Blue Cross and/or Blue Shield Licensee in that other geographic area (“Host Blue”). In some instances, you may obtain care from non-participating healthcare providers. The plan’s payment practices in both instances are described below.

Under the BlueCard® Program, when you access covered healthcare services within the geographic area served by a Host Blue, the claims administrator will remain responsible for fulfilling their contractual obligations. However, the Host Blue is responsible for contracting with and generally handling all interactions with its participating healthcare providers.

Whenever you access covered healthcare services outside the service area and the claim is processed through the BlueCard® Program, the amount you pay for covered healthcare services is calculated based on the lower of:

- The billed covered charges for your covered services; or
- The negotiated price that the Host Blue makes available to the claims administrator.
Often, this “negotiated price” will be a simple discount that reflects an actual price that the Host Blue pays to your healthcare provider. Sometimes it is an estimated price that takes into account special arrangements with your healthcare provider or provider group that may include types of settlements, incentive payments, and/or other credits or charges. Occasionally it may be an average price, based on a discount that results in expected average savings for similar types of healthcare providers after taking into account the same types of transactions as with an estimated price.

Estimated pricing and average pricing, going forward, also take into account adjustments to correct for over- or underestimation of modifications of past pricing for the types of transaction modifications noted above. However such adjustments will not affect the price the claims administrator uses for your claim because they will not be applied retroactively to claims already paid.

Laws in a small number of states may require the Host Blue to add a surcharge to your calculation. If any state laws mandate other liability calculation methods, including a surcharge, the claims administrator would then calculate your liability for any covered healthcare services according to applicable law.

Providers available to you through the BlueCard Program have not entered into contracts with the claims administrator. If you have any questions or complaints about the BlueCard Program, please call the customer service telephone number listed on your ID card.

Terms of Coverage

1. In order for you to be entitled to benefits under the plan, both the plan and your coverage under the plan must be in effect on the date the expense giving rise to a claim for benefits is incurred.

2. The benefits to which you may be entitled will depend on the terms of coverage in effect on the date the expense giving rise to a claim for benefits is incurred. An expense is incurred on the date you receive the service or supply for which the charge is made.

3. The plan is subject to amendment, modification or termination according to the provisions of the plan without your consent or concurrence.

Protection of Coverage. This plan does not have the right to cancel your coverage while: (1) this plan is in effect; (2) you are eligible; and (3) your required premiums are paid according to the terms of the plan, except as noted under the terms of HOW COVERAGE ENDS.
Free Choice of Provider. This plan in no way interferes with your right as a member entitled to hospital benefits to select a hospital. You may choose any physician who holds a valid physician and surgeon's certificate and who is a member of, or acceptable to, the attending staff and board of directors of the hospital where services are received. You may also choose any other health care professional or facility which provides care covered under this plan, and is properly licensed according to appropriate state and local laws. However, your choice may affect the benefits payable according to this plan.

Provider Reimbursement. Physicians and other professional providers are paid on a fee-for-service basis, according to an agreed schedule. A participating physician may, after notice from the claims administrator, be subject to a reduced negotiated rate in the event the participating physician fails to make routine referrals to participating providers, except as otherwise allowed (such as for emergency services). Hospitals and other health care facilities may be paid either a fixed fee or on a discounted fee-for-service basis.

Medical Necessity. The benefits of this plan are provided only for services which the claims administrator determines to be medically necessary. The services must be ordered by the attending physician for the direct care and treatment of a covered condition. They must be standard medical practice where received for the condition being treated and must be legal in the United States. The process used to authorize or deny health care services under this plan is available to you upon request.

Expense in Excess of Benefits. The plan is not liable for any expense you incur in excess of the benefits of this plan.

Benefits Not Transferable. Only the member is entitled to receive benefits under this plan. The right to benefits cannot be transferred.

Notice of Claim. You or the provider of service must send the claims administrator properly and fully completed claim forms within 90 days of the date you receive the service or supply for which a claim is made. If it is not reasonably possible to submit the claim within that time frame, an extension of up to 12 months will be allowed. The plan is not liable for the benefits of the plan if you do not file claims within the required time period. The plan will not be liable for benefits if the claims administrator does not receive written proof of loss on time.

Services received and charges for the services must be itemized, and clearly and accurately described. Claim forms must be used; canceled checks or receipts are not acceptable.
Payment to Providers. The benefits of this plan will be paid directly to contracting hospitals, participating providers, CME and medical transportation providers. If you receive services from non-contracting hospitals or non-participating providers, payment will be made directly to the student and you will be responsible for payment to the provider. In some cases a non-participating provider may be willing to submit claims on behalf of the member to the claims administrator, in which case the student would have to sign a statement assigning benefits to the provider. The plan will pay non-contracting hospitals and other providers of service directly when emergency services and care are provided to you or one of your dependents. The plan will continue such direct payment until the emergency care results in stabilization. These payments will fulfill the plan’s obligation to you for those covered services.

Right of Recovery. Whenever payment has been made in error, the claims administrator will have the right to recover such payment from you or, if applicable, the provider, in accordance with applicable laws and regulations. In the event the claims administrator recovers a payment made in error from the provider, except in cases of fraud or misrepresentation on the part of the provider, the claims administrator will only recover such payment from the provider within 365 days of the date the payment was made on a claim submitted by the provider. The claims administrator reserves the right to deduct or offset any amounts paid in error from any pending or future claim.

Under certain circumstances, if the claims administrator pays your healthcare provider amounts that are your responsibility, such as deductibles, co-payments or co-insurance, the claims administrator may collect such amounts directly from you. You agree that the claims administrator has the right to recover such amounts from you.

The claims administrator has oversight responsibility for compliance with provider and vendor and subcontractor contracts. The claims administrator may enter into a settlement or compromise regarding enforcement of these contracts and may retain any recoveries made from a provider, vendor, or subcontractor resulting from these audits if the return of the overpayment is not feasible.

The claims administrator has established recovery policies to determine which recoveries are to be pursued, when to incur costs and expenses, and whether to settle or compromise recovery amounts. The claims administrator will not pursue recoveries for overpayments if the cost of collection exceeds the overpayment amount. The claims administrator may not provide you with notice of overpayments made by the plan or you if the recovery method makes providing such notice administratively burdensome.
Workers’ Compensation Insurance. The plan does not affect any requirement for coverage by workers’ compensation insurance. It also does not replace that insurance.

Liability to Pay Providers. In the event that the plan does not pay a provider who has provided benefits to you, you will be required to pay that provider any amounts not paid to them by the plan.

Renewal Provisions. The plan is subject to renewal at certain intervals. The required premium or other terms of the plan may be changed from time to time.

Certificate of Creditable Coverage. Certificates of creditable coverage are issued automatically when your coverage under this plan ends. The claims administrator will also provide a certificate of creditable coverage in response to your request, or to a request made on your behalf, at any time while you are covered under this plan and up to 24 months after your coverage under this plan ends. The certificate of creditable coverage documents your coverage under this plan. To request a certificate of creditable coverage, please call the customer service telephone number listed on your ID card.

Transition Assistance for New Members: Transition Assistance is a process that allows for completion of covered services for new members receiving services from a provider who was a member of your prior plan’s network but is a non-participating provider under this plan. If you are a new member, you may request Transition Assistance if any one of the following conditions applies:

1. An acute condition. An acute condition is a medical condition that involves a sudden onset of symptoms due to an illness, injury, or other medical problem that requires prompt medical attention and that has a limited duration. Completion of covered services shall be provided for the duration of the acute condition.

2. A serious chronic condition. A serious chronic condition is a medical condition caused by a disease, illness, or other medical problem or medical disorder that is serious in nature and that persists without full cure or worsens over an extended period of time or requires ongoing treatment to maintain remission or prevent deterioration. Completion of covered services shall be provided for a period of time necessary to complete a course of treatment and to arrange for a safe transfer to another provider, as determined by the claims administrator in consultation with you and the non-participating provider and consistent with good professional practice. Completion of covered services shall not exceed twelve (12) months from the time you enroll in this plan.
3. A pregnancy. A pregnancy is the three trimesters of pregnancy and the immediate postpartum period. Completion of covered services shall be provided for the duration of the pregnancy.

Please contact customer service at the telephone number listed on your ID card to request Transition Assistance or to obtain a copy of the written policy. Eligibility is based on your clinical condition and is not determined by diagnostic classifications. Transition Assistance does not provide coverage for services not otherwise covered under the plan.

You will be notified by telephone, and the provider by telephone and fax, as to whether or not your request for Transition Assistance is approved. If approved, you will be financially responsible only for applicable deductibles, Co-Insurance, and Co-Payments under the plan. Financial arrangements with non-participating providers are negotiated on a case-by-case basis. The non-participating provider will be asked to agree to accept reimbursement and contractual requirements that apply to participating providers, including payment terms. If the non-participating provider does not agree to accept said reimbursement and contractual requirements, the non-participating provider’s services will not be continued. If you do not meet the criteria for Transition Assistance, you are afforded due process including having a physician review the request.

Continuity of Care after Termination of Provider: Subject to the terms and conditions set forth below, benefits will be provided at the participating provider level for covered services (subject to applicable Co-Payments, Co-insurance, deductibles and other terms) received from a provider at the time the provider’s contract with the claims administrator terminates (unless the provider’s contract terminates for reasons of medical disciplinary cause or reason, fraud, or other criminal activity).
You must be under the care of the participating provider at the time the provider’s contract terminates. The terminated provider must agree in writing to provide services to you in accordance with the terms and conditions, including reimbursement rate, of his or her agreement with the claims administrator prior to termination. If the provider does not agree with these contractual terms and conditions, the provider’s services will not be continued beyond the contract termination date.

Benefits for the completion of covered services by a terminated provider will be provided only for the following conditions:

1. An acute condition. An acute condition is a medical condition that involves a sudden onset of symptoms due to an illness, injury, or other medical problem that requires prompt medical attention and that has a limited duration. Completion of covered services shall be provided for the duration of the acute condition.

2. A serious chronic condition. A serious chronic condition is a medical condition caused by a disease, illness, or other medical problem or medical disorder that is serious in nature and that persists without full cure or worsens over an extended period of time or requires ongoing treatment to maintain remission or prevent deterioration. Completion of covered services shall be provided for a period of time necessary to complete a course of treatment and to arrange for a safe transfer to another provider, as determined by the claims administrator in consultation with you and the terminated provider and consistent with good professional practice. Completion of covered services shall not exceed twelve (12) months from the date the provider’s contract terminates.

3. A pregnancy. A pregnancy is the three trimesters of pregnancy and the immediate postpartum period. Completion of covered services shall be provided for the duration of the pregnancy.

4. A terminal illness. A terminal illness is an incurable or irreversible condition that has a high probability of causing death within one (1) year or less. Completion of covered services shall be provided for the duration of the terminal illness.

5. The care of a newborn child between birth and age thirty-six (36) months. Completion of covered services shall not exceed twelve (12) months from the date the provider’s contract terminates.

6. Performance of a surgery or other procedure that the claims administrator has authorized as part of a documented course of treatment and that has been recommended and documented by the provider to occur within 180 days of the date the provider’s contract terminates.
Such benefits will not apply to providers who have been terminated due to medical disciplinary cause or reason, fraud, or other criminal activity.

Please contact customer service at the telephone number listed on your ID card to request continuity of care or to obtain a copy of the written policy. Eligibility is based on your clinical condition and is not determined by diagnostic classifications. Continuity of care does not provide coverage for services not otherwise covered under the plan.

You will be notified by telephone, and the provider will be notified by telephone and fax, as to whether or not your request for continuity of care is approved. If approved, you will be financially responsible only for applicable deductibles, Co-Insurance, and Co-Payments under the plan. Financial arrangements with terminated providers are negotiated on a case-by-case basis. The terminated provider will be asked to agree to accept reimbursement and contractual requirements that apply to participating providers, including payment terms. If the terminated provider does not agree to accept the same reimbursement and contractual requirements, that provider’s services will not be continued. If you disagree with the determination regarding continuity of care, you may file complaint as described in the COMPLAINT NOTICE.
BINDING ARBITRATION

Any dispute or claim, of whatever nature, arising out of, in connection with, or in relation to this plan or breach or rescission thereof, or in relation to care or delivery of care, including any claim based on contract, tort, or statute, must be resolved by arbitration if the amount sought exceeds the jurisdictional limit of the small claims court. Any dispute or claim within the jurisdictional limits of the small claims court will be resolved in such court.

The Federal Arbitration Act will govern the interpretation and enforcement of all proceedings under this Binding Arbitration provision. To the extent that the Federal Arbitration Act is inapplicable, or is held not to require arbitration of a particular claim, state law governing agreements to arbitrate will apply.

The member, the claims administrator and the plan administrator agree to be bound by this Binding Arbitration provision and acknowledge that they are each giving up their right to a trial by court or jury.

The member, the claims administrator and the plan administrator agree to give up the right to participate in class arbitration against each other. Even if applicable law permits class arbitration, the member waives any right to pursue, on a class basis, any such controversy or claim against the claims administrator and/or the plan administrator and the claims administrator and the plan administrator waives any right to pursue on a class basis any such controversy or claim against the member.

The arbitration findings will be final and binding except to the extent that state or Federal law provides for the judicial review of arbitration proceedings.

The arbitration is begun by the member making written demand on the claims administrator. The arbitration will be conducted by Judicial Arbitration and Mediation Services (“JAMS”) according to its applicable Rules and Procedures. If, for any reason, JAMS is unavailable to conduct the arbitration, the arbitration will be conducted by another neutral arbitration entity, by mutual agreement of the member and the claims administrator, or by order of the court, if the member and the claims administrator cannot agree. The arbitration will be held at a time and location mutually agreeable to the member and the claims administrator.

YOUR RIGHT TO APPEALS

For purposes of these Appeal provisions, “claim for benefits” means a request for benefits under the plan. The term includes both pre-service and post-service claims.

- A pre-service claim is a claim for benefits under the plan for which you have not received the benefit or for which you may need to obtain approval in advance.
- A post-service claim is any other claim for benefits under the plan for which you have received the service.

If your claim is denied:

- you will be provided with a written notice of the denial; and
- you are entitled to a full and fair review of the denial.

The procedure the claims administrator will follow will satisfy the requirements for a full and fair review under applicable law.

Notice of Adverse Benefit Determination

If your claim is denied, the claims administrator’s notice of the adverse benefit determination (denial) will include:

- information sufficient to identify the claim involved;
- the specific reason(s) for the denial;
- a reference to the specific plan provision(s) on which the claims administrator’s determination is based;
- a description of any additional material or information needed to perfect your claim;
- an explanation of why the additional material or information is needed;
- a description of the plan’s review procedures and the time limits that apply to them;
- information about any internal rule, guideline, protocol, or other similar criterion relied upon in making the claim determination and about your right to request a copy of it free of charge, along with a discussion of the claims denial decision;
• information about the scientific or clinical judgment for any determination based on medical necessity or experimental treatment, or about your right to request this explanation free of charge, along with a discussion of the claims denial decision; and

• the availability of, and contact information for, any applicable office of health insurance consumer assistance or ombudsman who may assist you.

For claims involving urgent/concurrent care:

• the claims administrator’s notice will also include a description of the applicable urgent/concurrent review process; and

• the claims administrator may notify you or your authorized representative within 24 hours orally and then furnish a written notification.

Appeals

You have the right to appeal an adverse benefit determination (claim denial). You or your authorized representative must file your appeal within 180 calendar days after you are notified of the denial. You will have the opportunity to submit written comments, documents, records, and other information supporting your claim. The claims administrator’s review of your claim will take into account all information you submit, regardless of whether it was submitted or considered in the initial benefit determination.

• The claims administrator shall offer a single mandatory level of appeal and an additional voluntary second level of appeal which may be a panel review, independent review, or other process consistent with the entity reviewing the appeal. The time frame allowed for the claims administrator to complete its review is dependent upon the type of review involved (e.g. pre-service, concurrent, post-service, urgent, etc.).

For pre-service claims involving urgent/concurrent care, you may obtain an expedited appeal. You or your authorized representative may request it orally or in writing. All necessary information, including the claims administrator’s decision, can be sent between the claims administrator and you by telephone, facsimile or other similar method. To file an appeal for a claim involving urgent/concurrent care, you or your authorized representative must contact the claims administrator at the phone number listed on your ID card and provide at least the following information:

• the identity of the claimant;
the date (s) of the medical service;
the specific medical condition or symptom;
the provider’s name;
the service or supply for which approval of benefits was sought; and
any reasons why the appeal should be processed on a more expedited basis.

All other requests for appeals should be submitted in writing by the Member or the Member’s authorized representative, except where the acceptance of oral appeals is otherwise required by the nature of the appeal (e.g., urgent care). You or your authorized representative must submit a request for review to:

Anthem Blue Cross Life and Health Insurance Company
ATTN: Appeals
P.O. Box 4310, Woodland Hills, CA 91365-4310

Upon request, the claims administrator will provide, without charge, reasonable access to, and copies of, all documents, records, and other information relevant to your claim. “Relevant” means that the document, record, or other information:

- was relied on in making the benefit determination; or
- was submitted, considered, or produced in the course of making the benefit determination; or
- demonstrates compliance with processes and safeguards to ensure that claim determinations are made in accordance with the terms of the plan, applied consistently for similarly-situated claimants; or
- is a statement of the plan’s policy or guidance about the treatment or benefit relative to your diagnosis.

The claims administrator will also provide you, free of charge, with any new or additional evidence considered, relied upon, or generated in connection with your claim. In addition, before you receive an adverse benefit determination on review based on a new or additional rationale, the claims administrator will provide you, free of charge, with the rationale.
How Your Appeal will be Decided

When the claims administrator considers your appeal, the claims administrator will not rely upon the initial benefit determination or, for voluntary second-level appeals, to the earlier appeal determination. The review will be conducted by an appropriate reviewer who did not make the initial determination and who does not work for the person who made the initial determination. A voluntary second-level review will be conducted by an appropriate reviewer who did not make the initial determination or the first-level appeal determination and who does not work for the person who made the initial determination or first-level appeal determination.

If the denial was based in whole or in part on a medical judgment, including whether the treatment is experimental, investigational, or not medically necessary, the reviewer will consult with a health care professional who has the appropriate training and experience in the medical field involved in making the judgment. This health care professional will not be one who was consulted in making an earlier determination or who works for one who was consulted in making an earlier determination.

Notification of the Outcome of the Appeal

If you appeal a claim involving urgent/concurrent care, the claims administrator will notify you of the outcome of the appeal as soon as possible, but not later than 72 hours after receipt of your request for appeal.

If you appeal any other pre-service claim, the claims administrator will notify you of the outcome of the appeal within 30 days after receipt of your request for appeal.

If you appeal a post-service claim, the claims administrator will notify you of the outcome of the appeal within 60 days after receipt of your request for appeal.

Appeal Denial

- If your appeal is denied, that denial will be considered an adverse benefit determination. The notification from the claims administrator will include all of the information set forth in the above subsection entitled “Notice of Adverse Benefit Determination.”
Voluntary Second Level Appeals

If you are dissatisfied with the Plan's mandatory first level appeal decision, a voluntary second level appeal may be available. If you would like to initiate a second level appeal, please write to the address listed above. Voluntary appeals must be submitted within 60 calendar days of the denial of the first level appeal. You are not required to complete a voluntary second level appeal prior to submitting a request for an independent External Review.

External Review

If the outcome of the mandatory first level appeal is adverse to you, you may be eligible for an independent External Review.

You must submit your request for External Review to the claims administrator within four (4) months of the notice of your final internal adverse determination.

A request for an External Review must be in writing unless the claims administrator determines that it is not reasonable to require a written statement. You do not have to re-send the information that you submitted for internal appeal. However, you are encouraged to submit any additional information that you think is important for review.

For pre-service claims involving urgent/concurrent care, you may proceed with an Expedited External Review without filing an internal appeal or while simultaneously pursuing an expedited appeal through our internal appeal process. You or your authorized representative may request it orally or in writing. All necessary information, including the claims administrator’s decision, can be sent between the claims administrator and you by telephone, facsimile or other similar method. To proceed with an Expedited External Review, you or your authorized representative must contact the claims administrator at the phone number listed on your ID card and provide at least the following information:

- the identity of the claimant;
- the date (s) of the medical service;
- the specific medical condition or symptom;
- the provider’s name;
- the service or supply for which approval of benefits was sought; and
- any reasons why the appeal should be processed on a more expedited basis.
All other requests for External Review should be submitted in writing unless the claims administrator determines that it is not reasonable to require a written statement. Such requests should be submitted by you or your authorized representative to:

Anthem Blue Cross Life and Health Insurance Company  
ATTN: Appeals  
P.O. Box 4310, Woodland Hills, CA 91365-4310

This is not an additional step that you must take in order to fulfill your appeal procedure obligations described above. Your decision to seek External Review will not affect your rights to any other benefits under this health care plan. There is no charge for you to initiate an independent External Review.

Requirement to file an Appeal before filing a lawsuit

No lawsuit or legal action of any kind related to a benefit decision may be filed by you in a court of law or in any other forum, unless it is commenced within three years of the Plan's final decision on the claim or other request for benefits. If the Plan decides an appeal is untimely, the Plan's latest decision on the merits of the underlying claim or benefit request is the final decision date. You must exhaust the Plan's internal Appeals Procedure but not including any voluntary level of appeal, before filing a lawsuit or taking other legal action of any kind against the Plan.

We reserve the right to modify the policies, procedures and timeframes in this section in accordance with applicable law.
