Personal Safety Tips
Please take some of the following precautions when parking your bicycle, and utilizing the Hastings bicycle enclosure.

- Keep your bicycle properly locked. Use a strong, reliable U-lock and if possible combine a cable and a U-lock or even two U-locks for extra security. The more time and trouble it takes a thief to attack your bike, the less likely it is that your bike will become a theft statistic.
- Please remove bicycles by 11pm every day, the enclosure is not designed for long term storage.
- Report any suspicious persons, or anyone coming in behind you into the enclosure.

If you observe any suspicious activity on or around campus please report it to Campus Public Safety immediately at 565-4611 or by picking up a "Red" phone, or once you are in a safe location. For emergency or in-progress incidents, dial 9-1-1 and/or report it to the Public Safety Department.
