HR & PAYROLL TECHNOLOGY SELECTION

Purpose:
The purpose of this Request for Proposal (RFP) is for the College to compete for a new HR and Payroll System, ensuring the College's best interests are at the forefront of the competitive event and resultant award and system deployment. UC Hastings employs approximately 600 employees which includes 250 full-time faculty and staff, 100 adjunct faculty, and 250 hourly students and temps. UC Hastings issues approximately 1,000 W-2's annually as temp and student employees leave and new employees are hired to fill the temp and student employee positions throughout the year. UC Hastings is seeking an HR and Payroll system which will provide the best solution to support the College's business processes, streamline the current processes with online approval workflows, minimize manual activity, and improve reporting and analytics.

About UC Hastings
The College was founded in 1878 as the “law department” of the University of California. UC Hastings is the oldest public law school in California. Founded by Chief Justice Serranus Clinton Hastings, the College was established by the California Legislature with its own Board of Directors which has operated the College independently of the Board of Regents of the University of California since its founding. The Board of Regents possesses degree-granting authority, but all other aspects of the College are under the control of the UC Hastings Board of Directors. The College is the only stand-alone, public law school in the nation.

The mission of UC Hastings is to provide an academic program of the highest quality, based upon scholarship, teaching, and research, to a diverse student body and to assure that its graduates have a comprehensive understanding and appreciation of the law and are well trained for the multiplicity of roles that they will play in a society and profession that are subject to continually changing demands and needs.

UC Hastings’ reputation for academic excellence, its formal affiliation with the University of California (UC), and its location in San Francisco’s downtown civic center are major factors contributing to the overall strength of the Institution. This intrinsic quality is reflected in the large number of applications received for a very limited number of seats. Hence, UC Hastings’ enrollment management objectives are to matriculate select students of the highest academic credentials.

**EVALUATION**

- RFP responses will be read and reviewed by a team composed of UCH staff;
- Respondents may be called in to present their software solution to the UC Hastings implementation team;
- Reviewers will score each section of the responses (business, performance and technical);
- Responses need to receive at least 80% of available points to be further considered;
- Based on a combination of cost and points, UCH may determine there to be a clear winner, or determine the need for a finalist round, and proceed accordingly;
- The college will then select an awardee.
Due Date
Notify UCH Purchasing & Procurement of your intent to respond as soon as possible. Responses are due Wednesday, July 31, 2013, by close of business.

Responses are to be emailed to Purchasing at purchasing@uchastings.edu.
